WORK EXPERIENCE

Shahushree products

2021 – 2023

Graphic Designer

- I worked for 2 Years at Shahushree products and designed graphics that helped company to achieve its marketing goals.
- Created visually compelling designs for digital and print media, including logos, brochures, social media graphics, and advertisements.
- Collaborated with clients and the marketing team to develop creative concepts and ensure brand consistency across various campaigns.
- Utilized Adobe Creative Suite (Photoshop, Illustrator, InDesign, XD) to design high-quality graphics, enhancing the visual identity of the company.

SKILLS

Programming Languages: Python, Core Java, HTML, CSS, C Programming, Kotlin.

Database: : MySQL

Soft Skills: : Communication, Collaboration, Time Management, Leadership.

Others: : Photoshop, Illustrator, Coral Draw, InDesign, Adobe XD

PROJECTS

Billing System

- Designed and implemented a Java-based billing system to automate invoicing and manage customer transactions efficiently.
- Integrated features for adding, updating, and deleting customer information, products, and services.
- Developed a user-friendly graphical user interface (GUI) using Java Swing for easy navigation and interaction.
- Ensured data persistence through file handling or integration with a database to store and retrieve billing records.

Digital Business Card Application

- Replace traditional business cards with a dynamic, digital version.
- Enable users to share contact information instantly through QR codes.

- Allow users to customize their digital cards with social links.
- Make it easier to store, access, and update contact details.
- To provide an option to export the card into a clean A4 PDF and also jpg format.
